

Adhesives for the Sports & Leisure Industry

Permabond adhesives and sealants are used to bond the growing variety of materials used in manufacturing sporting goods.

Contact Permabond for a product recommendation for your application.

Permabond® Engineering Adhesives

Features & Benefits

Existing Permabond adhesive users already enjoy many of the following benefits over mechanical fasteners:

- Reduced weight
- Reduced costs
- Increased stress distribution
- Improved manufacturing process
- Increased vibration resistance
- Faster manufacturing process
- Corrosion prevention
- Wider choice of substrate materials
- Better noise and vibration absorption

Technical support on product selection and process implementation are available.

Sporting Equipment

Archery

Cycling & Motor Cross

Fishing

Football

Golf

Hiking

Hunting

Racket-ball & Tennis

Skiing & Snowboarding

Watersports

...and many more!

Sports & Leisure Applications

The applications for sports and leisure equipment are as varied as the sports themselves. The following examples show the diversity of the Permabond product line.

Our technical team will assist you in finding the best product for your individual application!
